Kimwe mu biranga umuntu umuntu ufite ihirwe ni intumbero idahwema. Abantu barabamenya kubera umurava wabo, bahora bahugijwe no gutunganya akazi kabo. Kubera iyo ntumbero yabo rero, babona amahirwe menshi bityo ugasanga bashaka gukora aki muhana kataraza. Baribizi neza ko amahirwe bafite adahoraho, bityo bagafatirana amahirwe izuba ritarenga. Abantu bafite intumbero ntibajya baryamira. Ahubwo barabyuka bagatangiza umunsi na kanyamuneza hamwe ni sengesho. Hari uburyo butatu bwo kubaka icyizere mu muntu:

1. Shakisha maze ukome ku “kintu bibo- namo cyane.”
2. Babwire ubushobozi bifitemo.
3. Bahembere ibikorwa bagezeho.

Imbaraga igihe cyose ziherekezwa n’icyerekezo hamwe n’itego kandi bikaba iby’igihe kirekire iyo byemejwe n’umuntu ku giti cye. Iyo byagezweho rero bitanga amahirwe, kandi amahirwe iyo yavutse agenda yiyongera iyo ufite itego.

Ariko, aya mahirwe ahira abantu bafite umwete. Bityo rero umusore uciye akenge ayakoresha neza izuba ritarenga, ibi bigaragaza ko nu bundi ayo mahirwe aba ari aye. Byerekana uburyo akoresha imbaraga ze, azi gupanga kandi afite intumbero. Icyo yarategereje ni ya mahirwe ngo amusange gusa.

Amahirwe si ngombwa ko adusanga igihe cyose; ahubwo turayarema. Nta muntu wakwifuzaga gutanga amahirwe ku muntu w’umunabwwe kuko aba abizi ko yayapfusha ubusa. Amahirwe araharanirwa. Birakomeye gufasha umuntu wa ntamwete kandi uzi neza ko ntamwete

agira. Tujya twumva muri siporo, umukinnyi yisobanura ngo “umupira ntabwo wigeze widunda iwanjye.” Nyamara abandi barekeza aho umupira ugiye maze bakamenya aho uri bwidunde. Barema amahirwe bakurikira wa mupira. Bamwe bavugaga ngo wagize amahirwe, naho abandi bakavugaga, imyitozo nakoze imfasha gukora cyane, niyo mahirwe mfite imbere.”

Mbese, amahirwe akurikira babandi bafite umurava, intumbero, abantu barangwa na kanyamuneza ku murimo. Barabizi ko ibintu bitikora, bityo ninayo mpamvu bajya hanze kurema ayo mahirwe. Bakurikira umupira. Bazi agaciro ko gupanga no gushyira mu bikorwa. Kandi bana zirikana ko igihe bafite ari gito bityo bakagikoresha neza. Hari umugani uvugaga ngo, “niba ushaka ko akazi gakorwa gahereze uwamaze kugera mu akazi.”

Abantu bafite intumbero barangwa ni bitekerezo bifite umusaruro. Barabivumbura. Umurava bagira, intumbero iganisha ku bisubizo ibatera umwete wo gukomeza gupanga no kwegeranya ibintu bakeneye. Kugira ngo bashobore gusamira hejuru ya mahirwe,

1. Tugomba gupanga akazi kacu.
2. Tugomba gupima cyangwa tukagena

ighe cyacu.

3. Tugomba guhora twisengura ndetse n’itego twihaye.

Iyo bakoze ibi, bibafasha kubona inzira kurushaho, haboneka uburyo bwishyirye ndetse na mahirwe yagutse. Bityo ugasanga nta mahirwe namwe abaca mu myanya y’intoki. Akazi kuri bo ni amahirwe bityo bagahora bagafata neza---ku bantu bashaka gukora ibyo gukora ntibyabura. Ibi rero bikaba bisobanura amahirwe kuri babandi bagira intumbero. Iminsi twakoze akazi neza idutera akanyamuneza, ariko iyo twapfushije igihe ubusa (turyamye) twumva ntagaciro dufite. Bityo rero itegure gukorana umurava maze utunganye akazi kawe. Bizaguhira inyungu nyinshi, zizavamo amahirwe menshi kandi uzagira imbaraga n’intumbero yo kugera ku ntego zawe.

*Iri hame rigufasha mu kubaka kamere yawe mu gihe cy’umwaka umwe:*
